

**International Walking Encounters/Conference
Sunday July 4th to Sunday July 11th 2021, Prespa, Greece**

Walking as a Question

COVID REGULATIONS

General Framework

The covid regulations (see following document) will be followed thoroughly. The following comply with the last Covid Regulations issued from the Greek State (ΦΕΚ τ.Β 2744_26-06-2021) . It is subject to change if new Regulations are issued during the Encounters/Conference period.the Encounters/Conference is COVID safe and follow the Greek Government COVID regulations :

- Limited the number of delegates attend the in-person aspect of our conference.
- Workshops and events are held outdoors
- When indoors there is limited number of participants allowed.
- Ensure there is sufficient spacing between tables and seating to allow physical distancing.
- Regular and thorough cleaning and sanitation of the surfaces.
- Facilitate contact tracing upon entering the premises of the conference
- Hand sanitizers and hand washing stations available.
- COVID Safe plan and contact tracing during the event.
- Mask is not mandatory for outdoors activities

The following applies for implementation in the Encounters/Conference activities:

Walksops and Conference

The conference is held in a hybrid way:

- Physical presence of a limited and defined number of participants at the Encounters/Conference venue with all the health rules described below and live streaming for the other registered participants.
- In case of physical presence of participants, they are required to be vaccinated (demonstration of vaccination certificate) or to have performed rapid antigen test (rapid test) or RT-PCR test (demonstration of negative result at the entrance).
- A COVID-19 coronavirus case coordinator is appointed for duties in the conference area.
- Near the entrance of the Conference Center, a specially designed area with a window is established, in order to be an isolation area of possible cases, which will be equipped with sanitary material, such as masks, tissues / napkins, closed foot bucket, sink with liquid. The door to this area must be kept closed at all times and entry must be restricted to staff trained to deal with COVID-19 coronavirus cases.
- The organizers keep a list of the contact details of those registered at the Conference to be used in case of tracing of confirmed case contacts.
- The organizers of the conferences in collaboration with health professionals are responsible for conducting to all those present at the venue of the Encounters/Conference (delegates, conference company staff, cleaning staff, conference sponsors, etc.) rapid test (approved antigen tests) at the beginning of the Conference. In addition, it is recommended to perform a self-test after the end of the third day of the Conference.
- The number of participants with physical presence is limited based on the capacity of the conference room keeping the distances of one and a half (1.5) meters in all directions, with a maximum number of people in the room (including staff) of (50) people, if the area of the room allows it. If the area of the room is larger than 120sq.m., An additional 1 person can be present for every 10sq.m.
- The use of a mask indoors is mandatory for all attendees (staff, technicians, security), attendees and speakers. Alternatively, the speaker is allowed not to wear a mask during his / her speech, provided that there is a protective plexiglass on the podium, which is thoroughly cleaned and disinfected between two speakers.

Technical staff

- Controlled conference space - access by authorized persons
- Employees to carry a badge in a prominent place
- Regular checks (scan the label/badges of participants)
- Observance of measures of social distancing - Avoiding overcrowding

Secretariat

- Registration, issuance of badge conference, program, awarding of certificates, will be done only electronically
- The secretariat placed in a visible place and comfortable space will have plexiglass in on the front to prevent the dispersion of droplets
- The staff of the secretariat if indoors must wear a mask
- There will be antiseptic fluids

Conference / Workshops

- Conference/ Workshops distances 1.5m. in all directions
- Gaps between seats-distances
- Standing is not allowed
- Disinfect the microphone after each speaker
- Workshops rules of social distancing and taking all necessary precautions e.g mask, avoid crowding

Dining areas

There will be no buffet. Only water will be served during the Conference in bottles

INFORMATION OF PARTICIPANTS ABOUT INDIVIDUAL HYGIENE MEASURES

- Explicit instruction not to allow the participation of people with symptoms of disease of the respiratory system (fever, cough, shortness of breath, etc.)
- Use of a mask indoors at the conference (vaccinated)
- In conspicuous places indoors and outdoors the Conference places a hand antiseptic on pumped devices, which are regularly checked for refill.

Posters with instructions on:

- To avoid entering the conference room of people with symptoms from the respiratory system
- Hand hygiene -Respiratory hygiene
- The observance of distances
- The correct use of a mask

No entry for non-registered delegates or conference support staff

MANAGEMENT OF A POSSIBLE COVID-19 CASE WITHIN A CONFERENCE

- In case a person develops symptoms compatible with covid-19 coronavirus, he / she should be taken to the specially designed case isolation area, which will be equipped with sanitary ware, such as masks, tissues / paper towels, sealed paper towels. bucket, washbasin with liquid soap. The door to this area must be kept permanently closed and entry must be restricted to staff trained to deal with possible COVID-19 coronavirus cases. In case a person develops symptoms compatible with covid-19 coronavirus, he / she should be taken to a specially designed case isolation area, which will be equipped with sanitary ware, such as masks, tissues / paper towels, sealed paper towels. bucket, washbasin with liquid soap.
